Woodland Planters Days Celebration Committee is a community benefit organization that plans and produces this annual event. It has been the tradition to include community non-profits in the opportunity to co-promote their missions. WPDC facilitates this by providing a designated space for registered groups to conduct their promotions, including the sales of raffle tickets. Fundraising and raffle ticket sales by these groups are restricted to their designated space on June 20th/21st, 2026. Spaces are limited and not guaranteed.

Woodland Planters Days has the exclusive domain in unrestricted raffle ticket sales during the event in the areas designated in the event permit granted by the City of Woodland. Any activity outside the above designations is strictly prohibited.

By signing this you understand and agree to the terms and conditions expressed above.
